Arvid is a restructuring partner and advises clients in special situations. He specialises in complex cross-border financial restructurings and restructuring proceedings in an international context. This includes StaRUG proceedings as well as UK Restructuring Plans and US Chapter 11 proceedings. He advises a broad range of clients — from listed companies, growth companies and private equity portfolio companies to sponsors, financial creditors and investors. On the creditor side, he advises in particular asset managers, private credit funds and hedge funds in advancing their interests.
