jan.krusche

@hengeler.com

Jan advises national and international corporate clients from the telecommunications, media and technology (TMT) sector on all aspects of intellectual property, media law, competition and IT law.

In particular, he advises with respect to transactions with a strong focus on IP/IT.

Jan drafts and negotiates patent, knowhow, trademark and software licence agreements and represents clients in complex litigations before civil and administrative courts relating to media and internet regulation.
