Kira advises clients on all aspects of intellectual property and IT law.

In particular, she advises with respect to technology transactions involving patent, knowhow, trademark and software licence agreements and represents clients in patent, trademark and copyright litigation.

Furthermore, Kira provides regulatory advice for clients from the financial sector on matters relating to insurance and banking regulatory law as well as investment and capital market regulation.

In this area, her clients primarily include domestic and foreign insurance companies, banks and investment firms, as well as asset managers and investment funds.
