marco.maallem
@hengeler.com

Marco advises corporates, private equity and other financial investors on M&A transactions and joint ventures with a particular industry focus on real estate.

His practice focuses on M&A transactions and joint ventures, including portfolio transactions as well as large single and special real estate assets and various asset classes in each case. This also includes ongoing advice on all aspects of real estate law.

Marco also advises on acquisition financing and refinancing transactions in real estate. His industry-specific expertise also includes domestic and international development of renewable energy assets and related transactions.
