Pascal is Associate in our HM Legal Tech Center, which develops digitalization strategies and manages projects.

He supports our deal teams in the conception and implementation of legal technology processes. His focus is on AI-based solutions, legal project management and the strategic optimization of digital processes.

In addition to legal project management in numerous cross-border corporate transactions, his experience also includes the implementation of AI-based legal tech solutions.

## **Career**

Johannes-Gutenberg-Universität  
Mainz
